What is this product?

Type

This product is a UCITS Variable NAV Money Market Fund.

Term

This product has no fixed end date. However the Sub-Fund, at its absolute discretion, can redeem all the shares of the Sub-Fund under the circumstances set out in the prospectus.

Objectives

To invest in U.S. Dollar cash holdings consistent with the preservation of capital and provision of liquidity.

Investment Policy

Strategy The Sub-Fund pursues an actively managed strategy that provides exposure to high quality USD-denominated money market instruments globally. The primary focus is preserving capital, ensuring high liquidity levels, and generating returns in line with prevailing money market rates, all while maintaining a conservative risk profile.

Benchmark(s) FTSE USD 1 Month Euro Deposit benchmark rate or an appropriate, equivalent rate for each relevant Share Class currency (the "Benchmark"). The Benchmark is used as an outperformance target. There are no constraints relative to the Benchmark.

The Sub-Fund seeks to outperform the Benchmark after the deduction of the Sub-Investment Manager(s) fee and other Sub-Fund fees and expenses, but before the deduction of the Manager Fee.

Investments The Sub-Fund invests in short-dated high quality USD-denominated money market instruments, issued by government and government-related issuers located in the US or other OECD countries and by companies globally. The Sub-Fund may also invest in cash deposits with credit institutions and use repurchase and reverse repurchase transactions.

Derivatives and techniques The Sub-Fund will only use Derivatives for hedging the interest rate or exchange rate risks inherent in other investments of the Sub-Fund.

Base currency USD.

Dealing information Every day that is a bank business day in Ireland or the UK ("Business Day") will be a Dealing Day for the Sub-Fund. Requests to subscribe or redeem Shares of the Sub-Fund that are received and accepted by the Administrator on behalf of the Sub-Fund before 1:00 pm Irish time on any Dealing Day are processed that day.

Distribution policy The Share Class will not distribute dividends. Income and capital gains from the Sub-Fund are reinvested.

Intended retail investor

The Sub-Fund is suitable for investors with at least basic knowledge of, and experience with, financial products, who understand the risks of the Sub-Fund including potential capital loss and who:

- seek to achieve investment objectives aligned with that of the Sub-Fund
- have a very short investment horizon

Practical information

Depository The Sub-Fund's assets are held through its depository, State Street Custodial Services (Ireland) Limited.

Further information The Umbrella is constituted as an investment company with variable capital with segregated liability between sub-funds under Irish law. This means that the Sub-Fund's assets are maintained separately from the assets of other sub-funds and your investment in the Sub-Fund will not be affected by claims against any other sub-fund of the Umbrella. You may request the exchange of shares in this Sub-Fund for shares available in other Sub-Funds of MGI Funds plc on each Dealing Day. Additional information on exchanges is available in the prospectus. The prospectus, latest annual and semi-annual reports, which are prepared for the entire Umbrella, and information on other share classes are available free of charge in English on <https://investment-solutions.mercer.com>. The net asset value per share is published on www.bloomberg.com.

What are the risks and what could I get in return?

Risk Indicator

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as 1 out of 7, which is the lowest risk class.

This rates the potential losses from future performance at a very low level.

Be aware of currency risk. In some circumstances, you may receive payments in a different currency, so the final return you will get may depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Beside the risks included in the risk indicator other risks may affect the Sub-Fund's performance. Please refer to the supplement available free of charge at <https://investment-solutions.mercer.com>

This product does not include any protection from future market performance so you could lose some or all of your investment.

If we are not able to pay you what is owed, you could lose your entire investment.

Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product / a suitable benchmark over the last 10 years. Markets could develop very differently in the future.

The stress scenario shows what you might get back in extreme market circumstances.

Unfavourable: this type of scenario occurred for an investment managed in reference to the Benchmark between December 2021 and March 2022.

Moderate: this type of scenario occurred for an investment managed in reference to the Benchmark between November 2019 and February 2020.

Favourable: this type of scenario occurred for an investment managed in reference to the Benchmark between September 2023 and December 2023.

What happens if Mercer Global Investments Management Limited is unable to pay out?

The Sub-Fund is responsible for paying redemptions and any other payment obligations due to investors. The Manager is not responsible for meeting the obligations of the Sub-Fund to investors from its own assets. The Sub-Fund's assets are safeguarded by the Depositary in accordance with applicable law. If the Sub-Fund is unable to pay out to investors due to its insolvency, investors will be unsecured creditors in the insolvency process and are likely to suffer a financial loss. Investors may also suffer a financial loss in the event of the Depositary's insolvency or default (or that of any custody delegate). Investors in UCITS, such as the Sub-Fund, are not covered under the terms of the Irish statutory investor compensation scheme.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest and how long you hold the product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- in the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario,
- 10,000 USD is invested.
